The property features two separate concrete houses, bamboo hut, and a wide dining hall or Restaurant. The main house features 4 spacious bedrooms in which 3 of those are air-conditioned. Two rooms have their own bathroom and shower. While the remaining rooms share a common bathroom and shower located just outside of the house. The second house boasts its 2 very spacious air-conditioned rooms which have its own bathroom and shower. It has also a spacious balcony overlooking the pristine blue waters of Nagub-an. The bamboo hut on the other hand has a spacious area. Built near the cliff, it's a perfect place to stay for a group of beach enthusiasts. The property, in general, has a land area of 10,000 square meters and was built intended as a beach resort thus it has a wide dining hall enough to accommodate a huge number of guests. The landscape is great. It has a flat rocky landscape surrounded by lush green vegetation mostly of Palm trees. In front of the property was a cliff in which concrete stairs were built which leads directly to deep clear waters. It is situated along the road and has a permanent power connection and has a continuous supply of clean water. If you're looking for a perfect place to relax at the same time enjoy the sun, sea, and sunset?. This place is for you.
