We are selling a beach house in a fishing village.

The main house has three air-conditioned rooms and four bathrooms. The living room and dining area both have a sea view. A fully equipped kitchen and spacious garage or stock room are located in the second house.

The beautiful cottage near the cliff is ideal for a romantic dinner. The breeze from the ocean makes this place especially pleasant. The property is only 10.3 kilometers (15 mins) away from San Francisco's town, Camotes Islands.

There you can get almost everything for daily needs: it has several hardware shops, pharmacies, big farmers market, shopping center, church, bank, money changer, pawnshops, bakeshops, hospital, schools, college, and more.

The closest tourist spots are Heaven Cave, Paraiso Cave, and Lake Danao with a swimming pool, a zipline, boats for rent, and a good restaurant.

San Francisco Island is connected to Poro Island by road. You can visit their Waterfalls and Caves, Boho Rock resort or hike there in the mountains and enjoy a stunning view of the Islands around.
