

Sta. Cruz, San Francisco, Cebu,

Philippine Php 8,000,000

Beds: 2 Baths: 1 Lot Area: 2.577 m² Floor Area: 162.2 m²

We are selling a Tropical Native House with a big Garden, surrounded by trees full of green leaves filtering sunlight into the comfortable shade. The house is open to all area inside, and a wide-open spacious Lanai with a quality two family size swing. It has already an electric supply and water supply. They even have two kinds of water supply, one from their village and the other supply is from the Water Department, the owners always ensure that there is enough water for their daily needs.

The property planted with Noni trees, Spanish plum, Mango trees, Jackfruit trees, Lemon fruits, and many more. Perfect place for the one who wishes to have some silence. It has a big wide space of a well-maintained decorated garden and a fully furnished concrete fence. The owners use worms to make their own natural fertilizer for their plants.
