

Sonog, San Francisco, Cebu, Philippines

Php 13,000,000

Price per m²:

Lot Area: 8,186 m²

This 8,186-square-meter cliffside property is located in San Francisco, Camotes Island. The lot features a 28-meter wide cliff frontage and low cliff height, offering an elevated position overlooking the sea.

The land is mostly flat, making it practical for development, with a rocky section along the cliff edge that adds natural character and stability. The property is planted with coconut trees, providing a natural tropical setting.

The lot is along a barangay road, providing convenient access. water and electricity are available nearby, making future connections easy.

The location is highly accessible, as the property is closed to the Port, as well as schools, local stores, and nearby resorts, offering both convenience and development potential.
